“ Today honey is the day we lay you to rest and honor you. I’m still numb and I can’t wrap my head around that you are gone. We had almost 30 years together and we were always side by side, I just don’t know how to navigate life without you by my side but I will do it and make you proud. You were the best Husband and Boppi to our babies as you called them, you will forever be in our hearts and memories. You were always worried about me and always wanted me safe, I will be ok surrounded by a lot of people who loved us and loved you and I will be so protected and cared for by those precious people. Rest In Peace my love and know how much you are loved by so many wonderful people. Thank you for always loving me and protecting me, we had a wild time in this life together and I wouldn’t trade it for the world. I will love you till the day that we are reunited in heaven. Fly high with the angels and I know you will always be with me, I feel you with me all the time. I love you my sweet honey bunny. Till we meet again my love .
