“ *I've struggled with what to write, as it's difficult to describe the kindness my Aunt Jean had displayed throughout the years. She always remembered me on my birthday, Christmas, and on other special occasions, like my graduation. I have kept every card she had ever sent me and have treasured them to this day. She had always tried to see us whenever she could, regardless of where we lived. I know traveling isn't always cheap, nor is it always fun, but I'm grateful she came anyway to spend time with us. I'll always have great memories of us traveling around old town and of her helping me make the hundred-plus cookies for my friend's Christmas party. Aunt Jean had done so much for me, even when she didn't have to. She was a great person who cared deeply for her family, and one of the best aunts I'll ever have. Thank you for everything Aunt Jean! To Aunt Lisa, Aunt Stacy, and families, please accept my sincere condolences for your loss. My thoughts and prayers are with you.*

“ I loved her dearly. She was always there for me in good times and bad times. I always knew I could count on her. I will always love her and she will always be in my heart. I remember many times in my life that she was there for me and I have many fond memories of our times together. I will always remember going to Jamestown together and sharing history facts about the settlement or when she taught me how to make a straw snake. All of these and other memories I will always cherish. Aunt Jean, I love you very much and you will always be my favorite aunt!
