“ I can hear her telling her stories, laughing and say, "Oh Stephe, You won't believe this". Always admired her talent with all the many projects she did. Visiting in the summer months, she would always make a shake for us. Ben actually made me start looking for a shake machine, so he wouldn't have to wait until next visit. Never tasted the same. Aunt Fran, added extra love to the shakes, when we weren't looking. What a blessing her warm hugs were. Her welcoming smile and so happy to see us, and always wanted to keep up with our lives. We are truly blessed to have such an amazing Angel to watch over us. Love and Peace Family.

“ My sweet Aunt. You were such a beautiful part of my life. The memories of times we spent together will warm my heart and give me the hugs you always gave me. Our laughter we shared will always be whispers to remind me to smile.
