“ Coach, I just found out today (June 9, 2016) of your passing. We had some great talks over the last few years and I'm so thankful for those. You are special to me in my life and always will be. You truly cared about me and loved me... even those times you got in my "grill" on the football field! Your Christian spirit was always evident as we had many deep faith discussions. I know you are with our Lord because I truly knew you deeply and how you felt. I love you coach and I will look forward to our reunion on the other side. God bless you my mentor and friend!

“ You were an inspiration to all of us that had the pleasure to have you as a teacher at Dana Hills High School. I will always remember our comedic banter back and forth that made the class erupt in laughter, you even gave me kudos for one upping you. Your encouragement in typing class always made me feel accomplished and your words in my yearbook "To the fastest typist I know" made me feel proud. I will never forget that young, handsome man that was one of my favorite teachers. You left your "mark" in this world, that's for sure... RIP Mr, Chambers, you are loved...

“ Dear Chambers Family, I am so sorry for your loss. Harlen was a great patient of mine. I looked forward to his fishing stories whenever I saw he was on my schedule for a dental appointment. We were both into fly fishing . He will be dearly missed by our entire staff and myself. With sincere sympathy, Dr. Charles Slone DDS and Staff

“ So sorry to hear this news. Harlen was a great friend at Campfire. Will miss all the campfires we all gathered at. Tatum-your rock message to Grandpa was still there last summer and Grandpa did not want it disturbed. What a great man!
