“ Herb,

You were the funniest, kindest, most caring, and generous person I had ever met. I will forever cherish the many times we laughed our butts off, sharing jokes and funny videos or just talking about life. You had the best sense of humor ever. I am so grateful for everything you have taught me and shared with me. I will never forget the countless adventures that we went on together. Whether it was to a model train show, a store, or even just to take the car in for service, you always made it fun and exciting. All the fun that you and I had working on the train layout together and running the trains is something that I will always hold close to my heart. Not a day goes by that you're not on my mind. You were like the grandfather that I never had. I am so grateful to have had you in my life. You will be missed forever.

*Love,
Parker
