“ Merry Christmas my loving Mother. It's December the 23rd. I just went shopping and got all my baking goods.... and a prime rib roast with all the trimmings.. Because of covid19 this year, the family has decided to stay at home and do their thing this year. I will be busy in the kitchen the next couple of days, knowing you will be in the kitchen with me....saying things like, a little more of this, a little more of that. Mom? I miss you so very very much. I wish you were here with me. I know you can hear me when I talk to you every single day..... just wished you would answer once in a while. Merry Christmas Mom... I love you so very much. Happy Birthday Jesus and thank you for all you do for me in answering my prayers. And thank you again for opening the gates of Heaven to my Mother. She truly is an Angel now. Peace be with you.

*My Dear Mother. Time has a funny way of changing in so many ways. The Lord needed you two years ago. Sometimes it seems like you've been gone much longer than that, and sometimes it seems like you've only been for a few days. I know one for sure. You're always in my heart at ALL times. I love you Mom. We will see each other again.*

“ *It's been one year since you left us mom. Sometimes it seems like forever and other times it seems like only days. Today, in honor of you, we began our annual poker game meet up. It was very nice. I felt your presence. I even placed an extra chair out just for you. Tomorrow I will come and visit you. Sit and chat with you as I always do. I miss you Mom. Love you always, your loving son.*

“ Thinking of you today and everyday. During the holiday season you've been missed so much as well as your cooking. Your famous doggie recipe is being made by the family. I heard Alexis made some and they came out pretty good. Karie said Jim even tried his hand at making them. She asked me for the recipe. I had to think about it because it's mostly from memory and by feel. So I did my best to and sent her the recipe. I want to make sure your memories and doggie recipe lives on for many more generations. p.s. I added an egg wash to the doggies, hope you do that mind..Love you, love Rose

“ It's exactly one week before our family observes our Thanksgiving Dinner. It is going to be so very difficult this year. Mom, not being here to go over all of hers and my check lists. Who's coming, who's not. Who's bringing what. What's mom going to make for dessert. Who's going to make the gravy. So so tough. My first Thanksgiving without you Mom. I miss you so much. A most difficult time of year for me. I would do anything just to hear your voice again and to hold you and comfort you. Assuring you that everything is going to be ok. I love you Mom.

“ *I will miss 'mom' Maag. She laughed at my crazy stories, she made doggies and cAkes. She was always there. I tried to keep up when it came to bus driving but while she was "driver if the year" I was most "feared to screw up" I m glad I got to spend some of her last days with her, but I will miss her*
