“ I will always cherish the times Louie and I used to sit outside the house around sunset and just talk about anything that was on our minds. He was the first person to take me fishing on the pier the only thing we caught were really bad sunburns. I always picture him driving down the street in his white work truck. Miss you so much!

“ *" In early 83 my family had a bakery, they were going to close it, it was in Gardena, so I asked Louie if he could help me draw up the plans to relocate it to Cypress, we finally opened it two weeks before Christmas, we made all kinds of sweets, but out of all of them Louie's sweet tooth loved our mini chocolate eclairs and hot fresh bread out of the oven, our 1st thanksgiving holiday, I had a order of 600 pumpkin pies, Louie like always offer his help and before you know it, he loved helping and learning to make them on his own, the following thanksgiving he said I'm going to make some pies at home, he was so happy that the pies came out so delicious, he started to take them into his job and past them out to the office personal, I'm so grateful to have known such a good friend/brother, rest in peace, I'll be seeing you one day in heaven , love you*

“ " Back in 78, Louie and I worked for Mercury Refueling, he trained me to fuel different aircrafts, when he would explain how to fuel a certain aircraft type he would take out a piece of paper and draw a diagram on how to do it and I would say yeah but, those two words started a nickname for me/us it changed a little : Mr. Yabbit, I will truly miss him, he was like a brother to me, always giving me a helping hand, till we meet again brother I love you
