“ Rest In Peace Grandma Kitty. I know your in a better place, and it will take everyone time to understand. You loved us all and shared that with your love of animals. I still remember when I was younger always going to the stables to visit “work” with all the horses and chickens. Even trying to ride one of the horses and I fell off the step ladder (Have never tried to ride again since then). You never forgot a birthday for any of us including my kids. One of the best gifts that everyone chuckled was a \*NSYNC shirt that I received when I was in Jr or Sr High School. I was so far removed from the boy bands and never listened to anything but Rock and Metal. You said “all the kids really like them, so I thought you might too.” This of course made my parents chuckle at my expense but I was tough! Grandma you will be missed for many reasons, but we all know you loved us and you will be remembered always. Love always your Grandson  
Chris!
