“ On behalf of all the graduates and colleagues from his parent medical college in Patiala, India, I'd like to express our profound sense of loss with the untimely death of Rana. Although I wasn't a close friend being junior to him by a few years, I was always aware of his sheer brilliance as a medical student, as well as his calm and composed manner. Our condolences to his family too.

Myself, Prem Kumar Singla, practising pediatrician in Panipat Haryana India, joined MBBS in 1973 at Govt Medical Patiala. We used to read various honors board in the college and there used to be one common name:

RANA ASHWANI BAHL

He was 8-9 yrs senior and for a brief period he used to teach us in Pathology practical classes.

He was very humble calm and a stable personality.

Then we heard he married one of our sweet and shy batch mate Sushma.

That was the only link we had with this exceptional guy!

God grant the enough strength and courage to the aggrieved family! 🙏
