“ My Mom was the best example of what a truly good and righteous person was. I will carry with me all her valued gifts to me, the ability to love unconditionally, to forgive automatically, and to always find the good in others. All the wonderful memories everyone carries with them and all the lessons taught are the legacy the my mom left to all of us. If we can only be a fraction of what she was it would give her great pleasure and satisfaction that she left some good behind. I Love you Mom and I will live the best life I can as you would want it. Your baby girl always.

“ My love goes out to you...Mr. Kosebas (George) and my lifelong childhood friends...Denise, Diane and Evan...your mom/wife was such a beautiful person full of so much love, kindness and genuine warmth. She taught us as kids how to make Snap Dragons (flowers) talk like puppets...and throughout my life whenever I see Snap Dragons I pick one and mimic what she taught us as kids... & my whole life I've always remembered who taught me how to do it!She was so creative, talented, artistic (Diane reminded me today that she helped us paint all these very cool flowers all over our 1960's "Hippie Go-cart"...she picked me up from school when I was sick because my mom couldn't...she was very special in my life and I know that she touched so many lives and she will always be remembered for all of the wonderful things that made who all of who she was. I hope that in time your loss will become easier to bear...always remember that a part of her will always live on in you...I know that would make her heart happy too. I love you Kosebas family...I always will! Lisa
